(1) The proposal of the Inspector to hold a refresher course for the benefit of the Lower Elementary Grade teachers appearing for the Higher Elementary Grade Examination seems to be a sound one. Sanction may therefore be accorded at once under Supplementary Rule 12, to the staff of the Govt. Training School and the Municipal Educational Superintendent undertaking, without detriment to their official duties, the work of training up the teachers. The acceptance of remuneration by them for the honorary work can be sanctioned under Supplementary Rule 13 when the amount of remuneration is determined by the Inspector.

(2) The levy of a fee in this case is not governed by any rule or regulation. If the fee collected is once credited to Government, it cannot be appropriated for expenditure towards payment of remuneration to the staff who take part in the refresher course. There is no provision in the budget to meet an expenditure of this nature. The number of teacher who will appear for the examination and the probable receipt and expenditure have not been estimated

estimated. In these circumstances it seems that the best solution will be to leave the question of the collection of fee entirely to the Inspector who may make arrangements for its safe custody and propose its distribution at the end of the course.

(3) As it is proposed to hold the refresher course beginning from the 22nd Dec. 1934, Resident's approval may be accorded to the staff of the Training School and the Educational Superintendent taking part in the course.

Draft submitted.

(4) The question of the levy of fee and its distribution to the staff may be decided in consultation with the F.A. to whom the file may be sent U.O. after the issue of draft. F. A. may be asked whether the President has power to levy the fee.

in Mysore, Bangalore.

Sir,

S.N.2 C.P.2 (Y)

I have the honour to invite your attention to your No.F.1226/34/R.O.II, dated December 1934 conveying approval to the proposal to hold a refresher course for the benefit of the Lower Elementary Grade teachers of the Municipal and Aided Elementary schools in the Station.

2. The course was held from the 22nd December 1934 to 23rd February 1935 on certain appointed days and was regularly attended by 38 teachers, from whom a sum of Rs.38/- was collected and credited to Government.

3. The course was conducted by the Headmaster of the Government Training School, Bangalore and his staff, and the Educational Superintendent, Civil and Military Station, the subject taken by each being as follows:-

1.Mr.N.Maindappa,B.A.,L.T., Headmaster, Government Training School,Bangalore. — History.

2.Mr.K.M. Muttanna,B.A.,L.T., Assistant, Government Training School,Bangalore. — Mathematics.

3.Mr.N.Ramanathan, B.A.,L.T., Assistant, Government Training School,Bangalore. — Geography.

4.Mr.S. Rangaswami Aiyengar,Assistant, Government Training School,Bangalore. — Nature Study.

5.Mr.T.S.Ramiah,Educational Superintendent, Civil & Military Station,Bangalore. — Sociology.

The work done by these officers was outside the scope of their ordinary duties (except in the case of the

Educational Superintendent) and in my opinion was of such an onerous nature as to justify a special reward. Each man taught for about 20 hours in all, during the Christmas vacation and on Saturdays during the months of January and February 1935. A great deal of preparatory work was involved in giving a highly Compressed Course of this kind, in addition to the actual task of teaching. I therefore considered that it would be fair to remunerate the officers who took part in the course at the rate of Rs.2/- an hour. I also considered that since 17 of the 38 teachers were from the Municipal Schools, the Municipal Commission should be asked to share the cost of remuneration. Since the sum of Rs.38/- had been credited to Government and since approximately half the teachers attending the course were Municipal teachers, I proposed that the total remuneration proposed to be paid should be shared by the Municipal Commission and Government in the proportions X, and X plus 40. I made this proposal to the President, Municipal Commission, (a copy of my letter is enclosed) and it was accepted by the Municipal Commission (a copy of their Resolution is enclosed). Only the teachers of the Government Training School are now concerned, since the Municipal Commission decided that no remuneration should be paid to the Educational Superintendent. The total remuneration that I propose should be paid is therefore Rs.160/- of which Rs.60/- is to be met by the Municipal Commission.

4. I now request you to be good enough to move the Hon'ble the Resident to sanction the payment to the teachers of the Government Training School whose names are noted above, of a remuneration of Rs.40/- each for the whole course. As the Municipal Commission has agreed to pay a sum of Rs.60/- the portion debitable to the Mysore Assigned Tract funds will be only Rs.100/-, and since a sum of Rs.38/- has been recovered from the Elementary School teachers, the net cost to Government will be only Rs.62/-.

5. The expenditure to Government will be

16

debited to the head "Account II- Education - E.Special -E.2. Other charges - Miscellaneous".

6. An explanation is necessary for the delay in applying for this sanction. After collecting the necessary details from the persons concerned regarding the time spent on the course, I addressed the President, Municipal Commission, on the 2nd April 1935 regarding the payment of a share of the remuneration from Municipal Funds. But the question did not come up for consideration before the Municipal Commission until 29.8.1935 and their resolution was received in this office on the 7th September 1935.

I have the honour to be,

Sir,

Your most obedient servant,

H. Edmonds

Inspector of Schools,

Coorg and Bangalore.

Inspector of Schools,

Coorg and Bangalore.

Letter No.1355/19-24, dated 2.4.1935 from the Inspector of Schools, Coorg and Bangalore, to the ~~[illegible]~~ President, Municipal Commission, Bangalore.

I have the honour to refer to the correspondence ending with this office letter No.305/3-24, dated 24.1.1933 regarding the duties of the Municipal Educational Superintendent. I understand that the Municipal Commission had previously decided that "the arrangement of refresher courses" formed part of the Educational Superintendent's duties. I wrote in the letter quoted above that "I am of course willing to give all the help I can in the matter".

A few months ago the Educational Superintendent came to me with a proposal that a refresher course might be held during the Xmas vacation and that, in particular, the lower elementary grade teachers who wished to appear for the Higher Elementary grade examination this year should be invited to attend. This proposal seemed to me a sound one. The time suggested was suitable, and the purpose for which the course was to be held, was as proposed by the Educational Superintendent, suitably defined its scope.

As an outcome of this proposal, I applied for and obtained the sanction of the Hon'ble the Resident for holding the course. (Please see my letter No.5064/19-24, dated the 17th December 1934) a copy of which was sent to you). The course was duly arranged and was attended by 38 teachers, 17 of whom were Municipal teachers.

I now propose to ask the Hon'ble the Resident to sanction remuneration to those officers who assisted by giving instruction during the course. The officers concerned are the following:

Mr.N.Maindappa, B.A.,L.T., Headmaster,
Government Training School, Bangalore-..l..... History.

Mr.Mr. Muttanna, B.A.,L.T./Assistant, Government
Training School, Bangalore. --- Mathematics.

Mr.N.Ramanathan, B.A.,L.T., Assistant,
Government Training School. --- Geography.

Mr. Rangaswami Aiyengar, Assistant,
Government Training. -------- Nature Study.

9

Mr.T.S.Ramiah, Educational Superintendent,
of Municipal schools.-------- Socialogy.

The work done by these officers was outside the scope of their ordinary duties (except in the case of the Municipal Educational Superintendent) and I am of the opinion that the work was of such an onerous nature as to justify a special reward. Each man taught for about 20 hours during the Xmas vacation and on Saturdays during the months of January and February. A great deal of preparatory work was involved in giving a highly compressed course of this kind, in addition to the actual task of teaching. I therefore intend to recommend that the men concerned be paid Rs.40/- (or approximately Rs.2/- per hours teaching) for their services during the course.

Although the arrangement of the refresher course is a part of the Educational Superintendent's duties I consider that it would be unfair not to remunerate him equally with the Government officers concerned and I trust that you will concur in this view. The total cost of the remuneration will be Rs.200/-. All the teachers who attended the course paid a fee of Re.1/- which was credited to Government Funds. Of the Rs.38/- credited, Rs.17/- was in respect of Municipal teachers and Rs.21/- in respect of teachers in aided elementary schools. Since the 17 municipal teachers gained considerable benefit for the course, which should, I think, increase the efficiency of their teaching, I propose that the Municipal Commission be asked to sanction the payment of Rs.80/- towards the remuneration, Government bearing the balance of Rs.120/-; and I should be glad if you would kindly obtain the sanction of the Municipal Commission to this proposal which would however be given effect to only after the Hon'ble the Resident has sanctioned the payment by Government of the balance.

I should be grateful if this matter could receive early consideration.
